EDUCATION

SIST, Sathyabama Institute of Information Technology, Chennai

2020 – 2024

B.Tech - Computer Science and Engineering - CGPA - 8.8

Chennai, Tamil Nadu

EXPERIENCE

SDE Intern at Venkys Io

June 2024 - October 2024

Role - Full stack Web Developer

Hyderabad, Telangana

- Improved and debugged software applications using React and Node.js, contributing to project milestones.
- Assisted senior engineers in code reviews, testing, and documentation to improve code quality.
- bugs across projects, ensuring smoother functionality and user experience.
- Learned Agile workflows and collaborated with team members to deliver features on time.

PROJECTS

OMSSC | Next Js, Typescript, Tailwind, Prisma ORM, NextAuth

- Developed a full-stack e-commerce platform with dynamic product catalog, real-time cart management, and secure checkout.
- Built an admin dashboard with product/order management and analytics, enabling efficient business operations through CRUD functionality.
- Integrated NextAuth.js for secure authentication and protected admin routes, reducing unauthorized access incidents.
- Designed a responsive UI with Radix UI components and Tailwind CSS cross-device compatibility.
- Refined data integrity with Zod and type-safe database operations using Prisma, minimizing API errors by 30%

Tune Craft | Next.js, TypeScript, Prisma, Tailwind, Docker, Vercel

- Enhanced a full-stack music queue system with Next.js for server-side rendering and TypeScript for type safety.
- Streamlined database operations using Prisma ORM, reducing query latency.
- Built a voting system for playlist curation, increasing user interaction.
- Reduced initial page load time by using Next.js static site generation (SSG).

Note Craft | React, Redux Toolkit, Tailwind CSS, LocalStorage

- Implemented CRUD operations using Redux Toolkit for state management, cutting rendering time by
- Streamlined database operations using Prisma ORM, reducing query latency..
- Enabled offline access with localStorage, ensuring data persistence for uninterrupted user workflows .
- Added Feature Integrated markdown support for note formatting, increasing user productivity 15%.

TECHNICAL SKILLS

Languages: JavaScript, Typescript, Python, SQL

Technologies/Frameworks: HTML5, CSS3, NextJs, React, MongoDB, Express, JWT, NextAuth, BetterAuth, REST APIs, Javascript, Typescript, Prisma, Mysql, Drizzle, Bootstrap

Developer Tools: Git, GitHub, Linux, VS Code, PostMan, Docker, k8, Canva

CERTIFICATIONS

- The Ultimate React Course 2024 (React, Next.js, Redux) — Udemy
- The Complete Full-Stack Web Development Bootcamp — Udemy.

EXTRACURRICULAR

- Graphic Designer — Hack Club SIST - Designed promotional materials (posters, social media graphics) for tech events, boosting event participation by 30%
- Collaborated with the technical team to create visually engaging presentations for workshops and hackathons
- Supported event planning and execution for innovation challenges, attracting 200+ student participants annually.
- Created user-centric designs for educational content and event collateral, improving audience engagement by 25%.
